

TASKI SANI 4IN1 EXACT

Washroom cleaner, descaler, disinfectant and deodoriser – concentrate

Description

Sani 4 in 1 is a concentrated cleaner, descaler, disinfectant and deodoriser for all acid and water resistant hard surfaces in washroom areas.

Its special formulation combines excellent cleaning performance while preventing scale build-up, even in hard water conditions. Fungicidal, yeasticidal and bactericidal.

Thanks to its smart packaging, the EXACT pack allows you to easily, safely and accurately dilute the cleaning product.

Key properties

Acid based formulation

- Cleans, descales, disinfects and deodorises in one step
- Effective against a wide spectrum of micro-organisms
- Unique, patented Odour Neutralizing Technology (O.N.T.)
- EXACT packaging allows simple, versatile and safe dosage of the super concentrated chemicals

Benefits

- Excellent cleaner: works in a large spectrum of water hardness
- Reduces the number of products in the washroom
- Neutralizes malodour molecules, enhancing the image of the washroom
- Convenient and easy dosing through the EXACT packaging

Use instructions

Dosage: For a full bactericidal, fungicidal and yeasticidal activity, dilute product at 4%.

Application

EXACT packaging can be used for controlled dosing into spray bottles.

Spray cleaning and disinfection of surfaces:

Fill the spray bottle with 500ml of water and pour the concentrated product in the bottle. Use 1 dose of the EXACT system per 500ml of water in the bottle. Shake the product gently before use.

Spray onto cloth and clean the surface and allow to act as necessary. Then finally rinse the surface and allow to air dry.

Technical data

Platform	EXACT
SKU	7518575
Description/Pack size	TASKI Sani 4 in 1 / 6 x 1L
Spray bottle	20ml (4%) / 500ml
Appearance	Clear, red liquid
pH value neat	0.5-1.0
pH value in-use	1.8-2.3
Relative density (20°C)	1.04 g/cm ³

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet (SDS).
<https://sds.sealedair.com/>. Store in original closed containers away from extremes of temperature.

Product compatibility

Do not mix with other products. Do not use on water or acid sensitive surfaces. Sufficiently pre-wet grouts with water.

Environmental information

The surfactants used in this product are biodegradable in compliance with the requirement of EU Detergent Regulation, EC 648/2004.

Microbiological data

TASKI Sani 4 in 1 is bactericidal according to EN1276 at 1% and EN13697 at 2%, 5 minutes contact time, 20°C under dirty conditions and in water of standardised hardness.

TASKI Sani 4 in 1 is yeasticidal (Candida) according to EN13697 at 1.5%, 15 minutes contact time, 20°C under dirty conditions and in water of standardised hardness.

TASKI Sani 4 in 1 is fungicidal (Aspergillus Niger) according to EN1650 and EN13697 at 2.5%, 15 minutes contact time, 20°C under dirty conditions and in water of standardised hardness.
